Presentation title:	Commission Regulation (EU) n°1253/2014 - 7 July 2014	
<p>Commission Regulation n° 1253/2014 drastically modified the way producers, consultants and installers understood and developed the air handling units. With a major focus on tier 2018 presentation topics will be:</p> <ul style="list-style-type: none">- Overview of the commission regulation- Focus on what is mainly affected by the regulation in a AHU- Effects on the markets and on the developing projects		
CV:	<p>After my university degree I worked for a company producing refrigerant compressors for a few year before joining and AHU producer where I worked in the commercial and MKT dept. for 8 years. In 2011 I joined the Climaveneta commercial dept. to boost their AHU market and after Climaveneta became a brand of Mitsubishi Electric Hydronics & IT Cooling Systems S.p.A. I moved to the MKT dept. to support the AHU technical and commercial development.</p>
