ENERGY in BUILDINGS – Northern Hellas 2019

Saturday May 11, 2019

Thessaloniki, Hellas

#	Mr. Xenofon Damianos Electrical & Electronic Eng. M.Sc.	Insert 
Title:	<i>Responsible Engineer for products and applications,</i> Wilo Hellas ABEE Pump Industry Athens, Greece	
email:	Xenofon.damianos@wilo.com	•
Presentation title:	The world's first smart-pump*	
<p>The world's first smart-pump*.</p> <p>* We understand a smart-pump to be a new category of pumps which goes far beyond our high-efficiency pumps or pumps with pump intelligence. Only the combination of the latest sensor technology and innovative control functions (e.g. Dynamic Adapt plus and Multi-Flow Adaptation), bidirectional connectivity (e.g. Bluetooth, integrated analogue inputs, binary inputs and outputs, Net interface), software updates and excellent usability (e.g. thanks to the Setup Guide, the preview principle for predictive navigation and the tried and tested Green Button Technology) make this pump a smart-pump.</p>
